Cryotherapy

Get Frosty, Feel Fantastic

- > Step In Chill Out
- > Experience - 85°C
- > Burn up to 800 calories in 3 minutes

What is CryoTherapy?

Our whole body cryotherapy allows users to experience temperatures as low as -85°C for 3 minutes. This cold triggers the bodies physiological response that aid with healing, pain relief, inflammation reduction, and your overall wellness.

Why Try Cryotherapy?

Cryotherapy has a long list of Health and wellness benefits including:

1 Pain Relief & Muscle Recovery

Ideal for workout recovery, reducing soreness, and easing chronic pain conditions.

2 Enhanced Athletic Performance

Reduce your recovery time and improve endurance!

3 Boosted Metabolism & Weight Loss

Stimulate your metabolism and improve body composition.

4 Improved Skin Health

Cryotherapy helps tighten skin, reduce acne, and minimise the appearance of cellulite.

5 Enhanced circulation & immune function

Strengthen your immune system while.

6 Mental Health Benefits

Reduce stress, improve mood, and enhance mental clarity.

Safety & Comfort

Is it safe?

Cryotherapy is a safe, non-invasive treatment. The cold is intense but brief and you will be monitored by our specialist team throughout the session.

What to wear?

Wear light, comfortable clothing, we will provide gloves and socks to ensure your comfort.

Experience the Cold, Discover the Benefits

What is Red Light Therapy?

Our Red-Light Therapy uses safe, non-invasive light to penetrate the skin. This stimulates collagen production, reduces inflammation, and accelerates healing. Experience the power of red light to rejuvenate your skin, reduce pain, and boost your overall wellness.

Why Try Red Light Therapy?

Red Light Therapy offers a range of benefits to enhance your health and wellness, including:

- 1 Pain Relief & Muscle Recovery**
Speed up recovery from injuries or intense workouts.
- 2 Skin Health**
Boost collagen production, reduce wrinkles, and improve skin tone and texture.
- 3 Boosted Healing & Circulation**
Enhance blood flow and promote faster healing, improve your bodies natural healing
- 4 Reduce Inflammation**
Alleviate chronic pain, joint discomfort, and inflammation with targeted light therapy.
- 5 Mental Health Benefits**
Improve mood, reduce stress, and support mental clarity and well being.
- 6 Enhance Energy & Wellness**
Feel more energized and rejuvenated with regular treatments, enhancing overall wellness.

Safety & Comfort

Is it safe?

Red Light Therapy is a completely safe and non-invasive treatment.

What to wear?

Similar to a sunbed we advise either a bikini for Ladies, or underwear for men.

EBOO Therapy

Refresh Your Blood, Revive Your Health

- > Revitalise & Rejuvenate
- > Reduce Pain & Inflammation
- > Detox & Energise

EBOO Therapy at The Nova Clinic

Extracorporeal Blood Oxygenation and Ozonation (EBOO) Therapy is a cutting edge treatment that detoxifies and rejuvenates your body at the cellular level. It works by filtering and infusing your blood simultaneously with ozone thus promoting enhanced oxygen delivery, boosting immunity, and supporting your overall wellness.

Why Try EBOO Therapy?

EBOO Therapy offers unparalleled health benefits, these include:

- | | |
|---|---|
| 1 Detoxification & Cellular Renewal
Remove toxins and impurities from your bloodstream. | 4 Pain & Inflammation Reduction
Alleviate chronic pain and reduce inflammation for better mobility and comfort. |
| 2 Enhanced Immunity
Strengthen your immune system to maintain peak health. | 5 Boost Energy
Feel recharged with enhanced oxygenation and detoxification. |
| 3 Improved Circulation & Oxygenation
Boost. Oxygen delivery to your organs and tissues. | 6 Anti Aging
Promote collagen production and cellular regeneration to renew aging skin. |

Safety & Comfort

Is it safe?

Yes ! EBOO Therapy is safe when performed under expert supervision.

What to expect?

During the session blood is gently filtered and infused with ozone before being reintroduced into the body. The process is relaxing and typically lasts around 1 hour.

Refresh and Revitalize

Ozone Therapy at The Nova Clinic

Enhance your body with 10 Pass Ozone therapy. This treatment will aid your body in recovery and circulation by oxygenating cells and tissues, which in turn will boost immunity and rejuvenate your skin.

Why Try Ozone Therapy?

Experience a range of benefits tailored to your goals:

- 1 Enhanced Oxygenation**
Increases oxygen delivery to tissues, improving energy and vitality.
- 2 Stronger Immunity**
Stimulates white blood cell production to help fight infections and inflammation.
- 3 Detox & Anti-Aging**
Enhance your bodies natural detoxification abilities with boosted Oxygen
- 4 Pain & Inflammation Relief**
Reduces joint pain, muscle soreness, and chronic inflammation.
- 5 Faster Recovery**
Speeds up healing from injuries, workouts, and post-surgical recovery.
- 6 Brain & Mental Clarity**
Improves focus, memory, and cognitive function with better oxygen supply.

Safety & Comfort

Is it safe?

Ozone therapy is a safe, non-invasive treatment which can be customised to your goals. Our specialist team will ensure a comfortable and effective experience tailored to your needs.

Physiotherapy

Move Better, Feel Better

- > Motion is medicine
- > Your body, your benefits
- > Pain relief without the painkillers

Physiotherapy at The Nova Clinic

Physiotherapy is a process in which movement and function can be restored under the guidance of a trained therapist. They will take you through the steps in order to feel rehabilitated from the effects of injury, illness and or disability. By using a combination of manual therapy, exercises, massage, and specialised techniques you can improve mobility, reduce pain, and speed recovery.

Why Try Physiotherapy?

Physiotherapy offers unparalleled health benefits, these include:

- 1 Pain Relief and Injury Recovery**
Relieve chronic pain and rehabilitate from injuries with targeted specific treatments for the areas that need it.
- 2 Enhanced Mobility & Flexibility**
Improve your range of motion and joint mobility while reducing stiffness and improving posture.
- 3 Strength & Endurance**
Tailored exercises to build strength and prevent future injuries while improving your balance and endurance while keeping you active and healthy.
- 4 Health & Wellness**
Boost overall wellness by reducing stress and anxiety. Restore your body with physio for long term health benefits.
- 5 Posture & Ergonomics**
Prevent work related strain issues and discomfort with physiotherapy.
- 6 Post Surgery Recovery**
Restore function after surgeries safely and effectively.

Safety & Comfort

Physiotherapy is a non-invasive and personalised treatment. Our expert physiotherapists will tailor your treatment plan to your specific needs, ensuring your safety and comfort throughout.

Move Freely, Live Fully

Cupping Therapy at The Nova Clinic

Hijama, or cupping therapy, is a time-honoured healing practice refined by modern wellness science. At The Nova Clinic, we offer medical-grade wet cupping performed by certified professionals in a sterile setting. Using gentle suction and light skin incisions, the treatment helps detoxify, improve circulation, and restore balance. Whether for physical relief or renewed vitality, cupping offers a holistic reset tailored to your needs.

Why Try Cupping Therapy?

Cupping provides a wide range of therapeutic benefits, including:

- 1 Detoxification**
Helps release stagnant blood and toxins to refresh the body's internal systems.
- 2 Improved Circulation**
Stimulates healthy blood flow and oxygenation, supporting cellular repair and recovery.
- 3 Pain Management**
Eases muscular aches, tension, and joint discomfort, particularly in the back and shoulders.
- 4 Immune Support**
Encourages lymphatic movement and resilience against illness and fatigue.
- 5 Mental Clarity**
Reduces stress and brain fog by calming the nervous system and promoting balance.
- 6 Energetic Reset**
Reinvigorates your body's natural rhythms and restores internal harmony.

Safety & Comfort

Yes. Our Hijama treatments are performed by licensed practitioners using single-use equipment in a sterile, clinical setting. Every step is designed to prioritise your safety, comfort, and wellness outcomes.

Natural Balance. Backed by Centuries.

Chiropractic Care

Move Right, Live Bright

- > Motion is medicine
- > Improve posture and balance
- > Pain relief without the painkillers

Chiropractic Care at The Nova Clinic

Chiropractic care focuses on restoring proper alignment of the spine and musculoskeletal system to support overall health and relieving any discomfort. Using advanced techniques, our chiropractors help correct imbalances, relieve nerve pressure, and improve mobility, without the use of medication or surgery.

Why Try Chiropractic Care?

Chiropractic Care offers a wide range of health benefits. These include:

1 Spinal Alignment & Pain Relief

Address misalignments in the spine that can cause pain, tension, or nerve interference, especially in the neck, back, and shoulders.

4 Enhanced Athletic Performance

Athletes often use chiropractic care to reduce the risk of injury, improve their range of motion, and optimize physical performance.

2 Headache & Migraine Reduction

Gentle adjustments can help relieve pressure on the nervous system and reduce the frequency and intensity of tension headaches or migraines.

5 Support for Chronic Conditions

Manage ongoing conditions like scoliosis, sciatica, or herniated discs with targeted spinal care and lifestyle recommendations.

3 Improved Posture & Balance

Correct poor posture caused by long hours at a desk or digital devices. Chiropractic sessions help rebalance your spine and realign your posture.

6 Stress Relief & Nervous System Support

Chiropractic adjustments promote relaxation and reduce cortisol levels, helping regulate the nervous system for a calmer, more balanced body.

Safety & Comfort

Chiropractic care at The Nova Clinic is gentle, personalised, and minimally invasive. Our certified chiropractors will tailor each session to your body's specific needs, ensuring a safe and effective experience from start to finish.

Gentle Relief. Lasting Comfort

IV Therapy at The Nova Clinic

IV therapy delivers essential vitamins, minerals, and hydration directly into your bloodstream, ensuring maximum absorption and instant results. Whether you're recovering from illness, boosting energy, or looking to enhance overall wellness, our expert team will tailor the perfect IV drip for your needs.

Why Try IV Therapy?

IV Therapy offers unparalleled health benefits, these include:

- | | |
|--|--|
| 1 Improved Hydration
Replenishes fluids and electrolytes for optimal hydration. | 4 Improved Skin Health
Hydrating the skin and top up on antioxidants with IV therapy. |
| 2 Enhanced Energy Levels
Experience an instant energy boost by replenishing your cells with key nutrients. | 5 Weight Loss
Metabolism boosting nutrients which will aid in digestion and weight loss. |
| 3 Stronger Immunity
Support immune function with high-doses of vitamins such as vitamin C and zinc. | 6 Recovery
Reduce inflammation and muscle soreness after workout to speed up recovery. |

Safety & Comfort

Is it safe?

IV therapy is a minimally invasive and personalized treatment. Our expert specialists will customize your therapy plan to suit your specific needs, ensuring your comfort and safety every step of the way.

Peptide Therapy

Release Your Body's Potential

- > Unlock your Best Look
- > Boost Muscle Growth
- > Slow Down Aging

Peptide Therapy at The Nova Clinic

Peptides are the essential building blocks of proteins, playing a crucial role in cellular repair, regeneration, and overall wellness. Our peptide treatments help optimize your body's natural functions, enhancing performance, recovery, and vibrancy.

Why Try Peptide Therapy?

Peptide Therapy offers unparalleled health benefits, these include:

- 1 Enhance and Support Muscle**
Support lean muscle development, reduce soreness, and accelerate healing.
- 2 Anti-Aging & Skin Rejuvenation**
Boost collagen production, improve elasticity, and reduce fine lines.
- 3 Metabolic Boost & Fat Loss**
Regulate hormones that aid in fat-burning and energy production.
- 4 Improved Sleep & Cognitive Function**
Promote deep, restorative sleep and enhance mental clarity.
- 5 Stronger Immunity & Cellular Repair**
Strengthen your immune response and speed up tissue regeneration.
- 6 Hair Growth**
Peptides stimulate hair follicles, promoting hair growth and improving scalp health.

Safety & Comfort

Is it safe?

Peptide therapy is backed by science, customized to your needs, and carefully monitored by our expert team to ensure optimal results.

Recharge, Rebuild, and Rejuvenate with Peptides

Stem Cells & Exosomes Therapy at The Nova Clinic

Elevate your body's healing with advanced Stem Cell and Exosome therapy. This cutting-edge treatment promotes rapid recovery by stimulating cellular regeneration, improving circulation, and rejuvenating tissues, while boosting immunity and revitalizing your skin.

Why Try Stem Cells & Exosomes Therapy?

Stem Cells and Exosomes Therapy offers unparalleled health benefits, these include:

- 1 Cellular Regeneration**
Accelerates tissue healing and boosts the body's natural repair processes.
- 2 Enhanced Healing**
Speeds up recovery from injuries, surgeries, and muscle soreness.
- 3 Skin Rejuvenation**
Promotes skin repair, reducing signs of aging and enhancing appearance.
- 4 Stronger Immunity**
Enhances immune response by promoting regeneration of immune cells.
- 5 Pain & Inflammation Relief**
Reduces joint pain and chronic inflammation.
- 6 Mental Clarity & Focus**
Improves cognitive function and memory by optimizing cellular health.

Safety & Comfort

Is it safe?

Stem Cell and Exosome therapy is a safe, non-invasive procedure that is personalized to meet your unique needs. Our expert team ensures a comfortable and effective experience tailored to your goals.
